Creatures Stalk The Night at Halloween Spook House

If you're frail of body, subject to occasional fainting spells, or just plain timid, don't even think of visiting the Chamber's Halloween Spook House. The terror that you will encounter could be life threatening.

However, if you are strong, and think you're brave enough, and don't mind some premature gray hair and an occasional nightmare, we have the thrill you're looking for.

Beginning Friday, Oct. 24th, and running through Halloween Oct. 31, the Grayling Regional Chamber of Commerce will be running a Halloween Spook House in the old Hunter's Dairy-Montgomery Ward building. Admission will be \$1.00.

Everyone under 18 must have a release form signed by a parent or guardian to be admitted. Children under 7 must be accompanied through the house by an adult.

The spook house will be open nightly from 7:00 p.m. until 10:00 p.m. and on Halloween from 6:00 until 10:00. Tickets and release forms may be picked up starting on Monday, October 20, at the Chamber office in the City Park.

Hospital Offers To X-Ray Halloween Candy For Free

Mercy Hospital will be x-raying candy on Halloween night from 7:30-9:00 p.m. Parents who would like their children's candy x-rayed for radiopaque foreign objects (pins, needles, some glass fragments, etc.) may do so by coming through the hospital's emergency entrance to the radiology department. Patrick McNamara, D.O., Mercy Hospital's new radiologist will be available for the testing.

Mercy Hospital emphasizes that it is the parents or guardians ultimate responsibility to screen the children's candy; however the above x-ray service will be offered free to the community. Hot chocolate, cider, and donuts will be served.

GHS Players To Present Fall Play

The Grayling High School Players will present the play "We Shook the Family Tree" on Nov. 1 and 2 at Grayling High School's Joseph Stripe Auditorium.

Tickets go on sale October 27 and may be obtained from cast members or at the door for \$3.50. Senior Citizens may obtain discount tickets at the Crawford County Commission on Aging office, 308 Lawndale, for \$2.50 in advance only.

Show times are at 8:00 p.m. on Saturday, Nov. 1 and at 2:30 p.m. Sunday, Nov. 2.

The show will be presented under the direction of Elizabeth A. Jackson.

Veterans to be Saluted by Grayling State Bank

All Veterans will be honored by a ceremony Tuesday, November 11th, at the Grayling State Bank featuring the color guard and firing squad from the 1071st of the Michigan National Guard at Camp Grayling. Others taking part in the ceremonies will be members of the Grayling Post 106 of the American Legion and members of AMVETS No. 14 of Higgins Lake.

The ceremony will also feature American Flags given by the United States to families in memory of those who served their country. Any area family who would like their flag included in this memorial service should call the Grayling State Bank, 348-7631. Flags will be returned after the ceremony with a certificate of acknowledgement from the bank, Jack Alef, president of the bank stated.

The ceremony is planned for 10:30 a.m. and will end at 11 a.m. the time the Armistice was signed.

City Requires Leaves in Bags For DPW Curbside Pick-up

City residents are being asked not to rake leaves into the street curbsides because large amounts of debris get into the storm sewers. The DPW street sweeper also becomes jammed by twigs and branches when vacuuming raked leaves and debris from curbsides.

Because of the clogging problems with the sweeper, the City of Grayling is advising residents to bag leaves for pickup and place them at curbside. This will be the only authorized method of collection by the DPW.

For Trick-or-Treating

Grayling Police Issue Halloween Guidelines

The City of Grayling Police Department would like to recommend that Trick-or-Treating be done between the hours of 6:00 p.m. - 8:00 p.m. Friday, Oct. 31.

Again this year the Crawford AuSable Elementary School will have their Halloween parade from the Elementary School down Michigan Ave. to the BI-75 intersection and back to the School. The parade will begin at 1:00 p.m. Friday. Motorists driving in the Grayling area are asked to be exceptionally watchful for young people during this year's Halloween period. The City of Grayling Police Department will be increasing traffic patrol during this period for added safety.

A friendly reminder to parents and "YOUNG GOBLINS" participating in Halloween activities would be:

1. All treats should be taken home for inspection before they are eaten.
2. Masks or material obstructing vision

should be removed when crossing streets or when in vehicle traffic areas.

3. Costumes should be non-flammable material light in color for visibility.

4. Flashlights should be carried after dark, parents should attempt to have their little goblins escorted, and confined to their own neighborhood.

5. Goblins should approach residents having porch lights or similar indications of welcome displays.

6. PARENTS SUSPICIOUS OF ITEMS BROUGHT HOME BY YOUNG PEOPLE SHOULD QUESTION WHERE THEY WERE OBTAINED, AND IMMEDIATELY NOTIFY THE LOCAL LAW ENFORCEMENT AUTHORITIES IF TAMPERING IS DISCOVERED.

7. The Grayling Fire Dept. and ASERT will be available from 7 - 9 p.m. for anyone wishing to have their candy checked with a metal detector Halloween night, Oct. 31, at the Fire Hall on Charles St.

Commission on Aging Renewal Only Local Proposal on Ballot

The Crawford County Commission on Aging is seeking a renewal of their current quarter mill tax that is used to fund programs for seniors.

The renewal millage question will be on the November ballot. Approximately \$49,500 will be generated by the quarter mill and the Commission on Aging is asking for a two-year renewal.

Initially, Crawford County voters approved the quarter mill for the Commission on Aging for four years. Then a two-year renewal was approved by voters in 1984.

The two-year renewal requested on the November ballot is for 1987 and 1988.

A portion of the money earned through the millage will be used as a cash match for federal and state monies received by the Commission on Aging. Part of the millage will be used to pay \$10,300 in rent to the

Grayling Housing Commission. Sherry Haag, program director for the Commission on Aging, said all of the monies raised by the millage will be used to support established programs or develop new services.

Some of the services offered through the Commission on Aging are Home Delivered Meals, Care Co-ordination, Information and Referral, Homemaking, Chore and Personal Care Services, on-site daily meals, Senior Companion Program, Recreational Activities, and Adult Enrichment Activities.

Without millage money, Haag said present services would have to be drastically reduced.

Commission on Aging services are available to all residents of Crawford County, 60 years or older, regardless of income. For questions about the millage or services, call Haag at 348-8342.

2 County Commission Races Lead Local Choices on Nov. 4

Two races for Crawford County Commissioner seats will head ballots in the county on Election Day, November 4.

In District 4, incumbent Democrat Lawrence Mattis faces Republican Joseph Callewaert. In District 3, Republican Earl Haight faces Democrat Edward Holtcamp.

District 4 is one of the largest districts in the county including Lovells Townships and part of Grayling and South Branch Township. Voters in Grayling Township precinct 301, South Branch Township precinct 601, and Lovells Township will vote for District 4 commissioner.

District 3 covers all of Beaver Creek Township and part of South Branch Township. Voters in South Branch Township precinct 602 and Beaver Creek Township will vote for District 3 commissioner.

Here is a look at the four candidates in the contested commissioner races:

Lawrence (Larry) Mattis

Mattis, 58, owns and operates Larry and Joan's Place on M-72 East with his wife. He is currently serving his fifth consecutive term on the Crawford County Board of Commissioners. He is also serving his second term on the Michigan Association of Counties Board of Directors and the MAC Labor Committee.

Mattis has worked on various county board committees since 1977 including finance and law enforcement.

Before joining the county board, he served a two-year term for the Crawford County Road Commission. Before moving to Grayling he worked in the x-ray department at Wayne County General Hospital and served in the U.S. Navy.

"If I am elected I will keep trying to alleviate the tax burden of the taxpayers in Crawford County and I will still give the best representation in my district and to all the people of Crawford County."

Joseph Callewaert

Callewaert, 43, is a self-employed financial planner. He served as instructor and co-ordinator of law enforcement training programs at Kirtland Community College from 1977-1980 and worked as a detective sergeant and polygraphist for a crime laboratory with the Detroit Police Dept. from 1966-1978.

Callewaert has a Master of Arts degree from Central Michigan University in Public

Administration and a Bachelor of Science degree in criminal justice administration from Wayne State University.

"As we approach the Twenty-first Century, it's time to consider what first attracted our parents and grandparents to this area. We must remember that our streams, lakes and forests are fragile and in need of protection and preservation. As citizens of God's Country we must recognize that our political and cultural heritage too, are fragile, and could be destroyed by the ruthless and uncaring. The chemical, oil, and forest products industries have ongoing plans for the future use of this land. Furthermore, there is no longer a place in the forest where we can hide from the giant shadow of Big Government. There are steps we can take, however, when our American way of life is threatened."

"We must again unitedly apply Thomas Jefferson's timetested principles that government should be of the people, by the people, and for the people. It is now our duty to elect a spokesman with the care to determine the will of the majority, the ability to accurately represent the majority, and the courage to protect and defend that will. He should have no outside obligations, nor special interest group controls. He should be a proven problem solver who is university trained to better enable two-way communication between big-city bureaucrats and rural taxpayers."

Earl Haight

Haight, 71, is currently acting as a substitute mail carrier after retiring from 47 years of teaching from the Gerrish-Higgins School District.

Besides teaching, he served as athletic director for 45 years and assistant principal for 6 years.

If elected, Haight simply states he will attempt to do what the electors wish.

Edward Holtcamp

Holtcamp, 48, is the Beaver Creek Township Fire Chief. He has 21 years of public service including work as coordinator of the fire fighting training department of the State Police. Holtcamp is a state fire fighting training officer and has served 6 years on the county utility board.

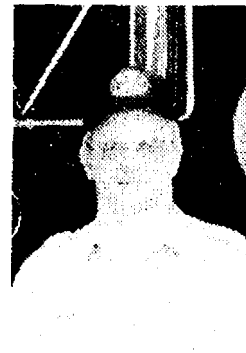

"I will represent the people of the 3rd district in a form that represents their views and wishes for county government."

From Our Corner...

The best way I can think of to begin our final column is to introduce to our readers who may not know who our bride is of whom we have referred to many times in our last 15 years of the turkey...Thelma is at left with the new addition to our family, Tasha...without her understanding in the forty years we have been in Grayling, I'm sure we would never have realized our dream of becoming the editor of the Avalanche...

It was with her help that we were able to go from a printer's devil to publisher of a newspaper in the 45 years that we have been a part in the deadline of getting out a newspaper...

It has been fun many times but, also many frustrating times...things in the past few years have gotten to me where before we wouldn't give it a second thought...

Maybe that is because we're not as young as we used to be...or, to use a phrase that Bev Kinkert mentioned last week when we were talking...there comes a time when maybe you are just burned out...

So, with tricks and treats coming up Friday...here, at random is the final turkey in this space...

First, I guess I should hit on one thing because it has sort of bugged us the past year...we would like to mention to the two persons who hid behind anonymity last year and approached the new owner, Mr. Millman, that they wanted to buy the paper because they didn't like the way we were running it...

All I can add is that they would be beautiful editors when you won't stand up and be counted...

Second, and this is a happy time of our tenure...we were fortunate through the efforts of Col. Ed Rutkowski, then Camp Grayling Commander, to be chosen to a week sojourn with a group from downstate in Operation Understanding...

Brig. Gen. John Taylor headed the trip that included stops at Fort Sill, Oklahoma, Fort Bliss, Texas and Colorado Springs where we toured NORAD, and the Air Force Academy...

An idle thought...to my father, who when we would come home and extol on what we had accomplished...his only remark would be, couldn't you have done better...

To a few names that helped the ol' fella to fill the turkey, such as R.J. Irvin, the Leprechaun, Mr. Lerg, Bill Joseph...

Names and faces I'm sure most of our readers do not know, but, were intricate parts of our life...Jerry O'Hara, a master machinist of the linotype who taught me the printing trade; Sonny Cogan, who helped me get started on the journalistic side of the paper...and finally, Dick Millman, who formed the corporation and included us in the purchase of the Avalanche from Bob and Eva Strong in 1967...

This transaction enabled us to fulfill a dream...from the printer's devil down in the basement melting lead, to an office with the lettering on the door, Publisher and Editor...if we had to do it over again, we would not change one part of the script...

To the hoods who roam our streets at night...congratulations for the job you did on the Halloween decoration by GPA in the lot where the Avalanche was...it was a masterful job, like you also did on the shrubbery in front of Attorney Carey and Herb Olson's office...you must feel real proud of yourself...

The problem with the above, I don't think they can read, so they won't even know I congratulated them...

To Jim Baker, and all the guys and gal at the Post Office, you have made my job a much lighter in the mailing of the paper, for all your help, thanks...

Don't forget to vote, Nov. 4th...

To all the businesses who have supported the Avalanche with your advertising, many thanks...without your support the paper would not exist...

We hope you will continue, a city is identified by a strong newspaper...it is your identity to people who want to know where Grayling and Crawford County is located...

Throw away and junk mail are only out to make a buck...they care less for the livelihood of the community...think about it...take your choice, your newspaper, or throw away, which helps the most in tax dollars and information about Grayling?...

To Bill O'Brien who complained to us last week that his name never got in our column...there it is, Willie, try working for a change instead of visiting at the Post Office...

To those of you who have dropped me a note, and the one's we have met on the street and mentioned they were going to miss the turkey, my humble thanks...I'm happy that I have been able to entertain you in one aspect, and also to let you know what was happening in our little hamlet...

But, like we mentioned, we feel burned out...and besides our bride needs a little help at home trying to train Tasha...and all she keeps harping on, it was your idea in getting her in the first place...

To Kathy Henderlong, if you read this, we are sorry we missed your party, we found out about it too late...she has headed the Secretary of State's Office here in Grayling for 14 years...Kathy is one of the most vibrant ladies I have ever met...she has left her mark on the citizens of Grayling...our loss is the State Police department's gain...

It is getting time to say goodnight to our gals, T.J., Stefany and Amber through the media...

The Bible Speaks

From Calvary Baptist Church

BIBLE CREATION SUPPORTED by Fossil Records of the Flood

Do fossil records support creation or evolution? Is there fossil evidence the evolutionist cannot explain?

Palentologists have discovered what appears to be human footprints wearing sandals, which stepped on a trilobite. Since no trilobites survived after the flood, this marks the level of civilization of that period. Fish have been found extending through two layers of sediment proving that both layers were deposited within days as creationists claim, and not within millions of years as the evolutionists believe. A tree trunk found rooted in shale and extending upward into layers of sandstone above it gives a fossilized record that all the several layers of sediment were deposited by the flood within a short time frame.

Over five million mammoths have been preserved in ice along the northern coastlines of Siberia and Alaska. In the mouths and stomachs of these mammoths, the remains of bluebells, buttercups, and wild beans have been found undigested. Only the universal flood and the sudden shift of climate at the poles could explain this evidence.

Only the universal flood can explain the finding of fossils of sea animals in sedimentary rock on the tops of mountains. In North Dakota, a fossilized marine fish embedded in the top of branches of a petrified tree was found on a mountain side. In the deep ravines running down the slopes of mountains in France are found bones of tigers, mammoths, and deer. The ravines near the tops of the mountains are filled with an estimated nine thousand animal skeletons of all kinds. The only logical explanation indicates that

the animals fleeing the flood waters were overtaken near the top and drowned, their bones washed into the fissures as the waters receded after the flood.

The fossilization process requires that animals be quickly trapped and buried alive before decay can set in. The millions of fossils around the world indicate that something like the universal flood was necessary to leave such a great number of fossils. Some will interpret these historical facts in light of the universal flood. Others, said the apostle Peter, will be "last days scoffers" who will be "willingly...ignorant of" the flood, "Whereby the world that then was, being overflooded with water, perished." (2 Peter 3:3-6).

Keeping Healthy

Vascular Birthmarks

Some infants are born with, or develop soon after birth, vascular birthmarks, colored places on the skin known medically as nevi or hemangiomas. A vascular birthmark is a red mark consisting of tiny blood vessels bunched together. The several types of hemangiomas may occur anywhere on the skin, and also on mucous membranes or in certain internal structures. Vascular birthmarks are usually acquired by the fetus while still in the uterus. The mark is a non-malignant tumor, so appearance is the only real concern. Fortunately, most vascular birthmarks disappear by themselves sometime during childhood, leaving no mark at all.

There are three major types of hemangiomas: the flat type (nevus flammeus), the raised, red type (strawberry hemangioma) and the raised, bluish type (cavernous hemangioma).

Almanack

Who will be elected? Read on.

by Richard Millman

IT'S PRACTICALLY all over but the voting and the shouting — the voting by Michigan citizens on Nov. 4, and the shouting by the candidates and their backers after the votes are counted.

So it's time for The Almanack's more-or-less usual pre-election forecast of winners and losers.

Keep in mind this column is not an endorsement column; it's rather a prediction column. It does not attempt to tell our faithful readers how to vote, but rather how the writer thinks the vote will turn out.

There is a vast difference: Several things I hope will happen, I don't believe will... several things I believe will happen, I hope won't.

FIRST, THE governor's race:

Republican Bill Lucas started his campaign like a house afire, way back last year when he was still a Democrat and wondering aloud from his perch as Wayne County Administrator whether he should change parties.

He ran an excellent public relations campaign, milking every nuance of his mind-changing act for all it was worth and then some. From those early signs, he appeared to be just what the Republican doctors ordered to patch up a hurting party.

And so he switched parties, and he ran for governor. But there, he seemed to shift into idle gear, and almost lost the primary to a late-closing Dick Chrysler, who was finally derailed by too many unanswered questions about his own past business and personal practices. So Lucas became the Republican candidate for governor in convincing fashion, scoring very well especially outstate with Republican faithful.

BUT THEN LUCAS seemed to shift into low gear again, and his campaign picked up very little steam. As a matter of fact, it has gone very short distance from the days last spring when he was coming out of the Democratic closet and becoming an avowed Republican.

In many ways, the Lucas candidacy has been a textbook example of political opportunity wasted. Some enterprising political science student should undertake a thesis project on what happened to the Bill Lucas campaign, and why. It would make an enlightening case study.

GOV. JAMES BLANCHARD, on the other hand, performed in an almost directly opposite fashion over the past four years. Early in his tenure as governor, Blanchard made a flock of mistakes — in tax programs, in appointments, in general attitude toward his office, and his relations with the voters.

But to his credit, he learned from those mistakes and corrected them. As a politician — which is how most Michigan people know him — Blanchard has run a practically error-free campaign.

The polls show this, and there is no reason to doubt the polls, such as the late October Detroit News poll which showed Blanchard with about 60 percent of the vote, Lucas with about 30 percent.

GOV. BLANCHARD, it's safe to predict, will win. The margin probably will be about 55 percent for Blanchard, 45 for Lucas, as the gap closes in the last few hours of campaigning and mind-settlement by voters.

Vice President Bush, on a recent visit on Lucas' behalf, said he believes in miracles and predicted one for Lucas. I, too, believe

in miracles, but not political ones. There's always a reason for what happens, and none that I can find will save Bill Lucas.

It's too bad, too; he's a good person, a good public servant, and a good candidate; but it just never came together for Lucas, and never fell apart for Gov. Blanchard.

THE NEXT TWO predictions are really too easy, but I'll include them anyway to build up a final favorable percentage.

Frank Kelley, as attorney general, and Dick Austin, as secretary of state, have been around a long time in these jobs. Contrary to some rumors, they did not invent them; both jobs were there before Mr. Kelley and Mr. Austin took them on.

After Nov. 4, they will still be there. Republican challengers Bob Cleland for attorney general and Weldon Yeager for secretary of state won't even come close.

WITH GOV. BLANCHARD safely tucked back into the executive office for four more years (if my prediction comes true), extra importance is attached to the content of the state legislature, where Republicans maintain control of the Senate 20-18, and Democrats control the House 57-53. If a sweep by one party or the other develops, one chamber or the other could switch hands.

However, I don't expect either one to switch parties this time around. Michigan political history indicates that governor candidates don't have coat tails... presidential candidates do, but governors don't. Thus, although Blanchard is running strong for governor, he most likely won't extend his personal political strength up and down the ballot. In Michigan, it usually has not happened.

Democrats likely will pick up three or four House seats, to strengthen their control there, most likely in areas where President Reagan helped carry newcomers into the House in 1984. Prediction: Democrats will control the House 60-50.

THERE ARE five key close districts in the Senate, where campaign spending has gone out of sight, approaching a half-million dollars in a single senate district in one case. That's an abuse of the electoral process which should be corrected some time and some way.

The likely outcome will result in the Senate continuing with a 20-18 Republican margin. The five key races to watch are the Lansing-Battle Creek match between Republican John Schwarz and Democrat Richard Fitzpatrick; the Saginaw race between Democrat Sen. Jerry Hart and Republican Ruth Braun; in Dearborn, where Republican Bill Runco and Democrat George Hart are running; in Macomb, with Sen. Rudy Nichols, Republican, challenged by Democrat Linda Ferrens; and in Oakland, where Republican Doug Carl and Democrat James Ayres are opponents.

All are problematical in their outcomes, while the other 33 most likely will remain with the party of the incumbent. Of the five key districts, the margin now is 3-2 Republican; together, they most likely will stay that way, but perhaps with some of the five switching party columns. Prediction: The Senate will stay 20-18 Republican.

SO THERE YOU have it... our predictions for Nov. 4. Remember, these come from the same source which fearlessly forecast Richard Chrysler for governor back in August.

TOP SHOOTERS — The Crawford County Sheriff Dept. team of Jim Parker, Dave Lovely, and Tom Coors (from right) took top honors in the annual Kirtland Shoot held this year in memory of deputy Carl Darling on Oct. 5. Lovely was the second high individual scorer with 243, Coors was third overall with 242, and Parker scored 228. The Crawford Sheriff Auxiliary team of Raxann Adams (2nd from left), Joe Elekonich (3rd from left), and Gary Ginther (middle) took second among auxiliary teams. Jim Lawless, left, shot with another reserve team that took third place.

Blanchard Announces Flood Loan

Program for Farmers

A \$200 million program to assist farmers who lost their crops in the September flooding with interest-free loans was announced by Governor James Blanchard, who said the program would allow thousands of farmers a chance to both recover their losses from this year, and plant crops next spring.

The program should get chief legislative priority when the Legislature returns in November following the election, Blanchard said at a recent Lansing press conference.

Flanked by State Treasurer Robert Bowman, Agriculture Director Paul Kindinger, Financial Institutions Commissioner Eugene Kutny and Michigan Farm Bureau Head Elton Smith, Blanchard said the program would cost the state about \$50 million that it would otherwise earn in interest over the next 10 years.

The program is an "unprecedented grant of time" to farmers trying to recover after the state's worst natural disaster," Blanchard, who earlier said loans would not be enough to help many farmers, said.

He admitted it would not itself be enough to help some farmers, but added if a farmer cannot make payments in four years "the chances are the farmer can't make it anyway."

Losses from the flooding are estimated to approach \$300 million.

Bowman said the proposal would put \$200 million of the state's cash reserve into the loan fund, instead of other planned investments.

The \$50 million cost represents the foregone interest earnings the state would otherwise have made on other investments, Bowman said.

Sen. Jack Welborn (R-Kalamazoo), chairman of the Appropriations subcommittee on agriculture, called for grants from the budget stabilization fund, and said the Blanchard program "may be better than nothing but it is next to nothing for a lot of farmers. Most of the farmers are up to their eyeballs in debt because they've had some tough years."

He said a grant program costing under \$100 million would go a long way to help the stricken farmers, with individual amounts based on the amount of loss and the threshold of harvest revenue required to make a profit on a particular crop.

Maximum loans under the

program would be \$200,000, Blanchard said, with the anticipated average loan being less than \$100,000.

The program will allow farmers to coordinate outstanding loans while getting financing for new plantings in spring. Loans would be repaid in four years. Local banks and credit institutions will administer the program, much as they did with the state's 1985 emergency loan program.

Blanchard said he still hopes the federal government would also help Michigan farmers by providing grants to pay for

up to 50 percent of their losses.

Blanchard was in Washington, D.C., last week lobbying for the aid, which awaits final approval by Congress. And he said the state would continue to find other ways to help farmers.

Notes From Chris Clover

This week, I want to tell you about one of our most experienced 4-H Leaders. Kathy Timmins has been involved in 4-H since she was age nine. She was a member of several different clubs as a child; sewing, crafts, cooking, gardening, dish-gardening, rifles and gun safety. An interesting note is that Kathy out shot all members in her rifle club but was not allowed to attend the competitive shoots at the State Fair or 4-H State Competition, because she was a girl. That won't happen in today's equal opportunity 4-H. Kathy also attended Washington Focus as a teen and was a Junior Leader for five years.

Kathy has been a leader for 22 years. She had various clubs at Newport, Michigan until coming to Grayling in 1974. She and husband Jerry have three girls, Patty, Cindi and Jeanne. As a leader of Archery, Cooking, Sewing, Ceramics and Crafts, she has had a big influence on the lives of many of our children. She continues in the program as the leader of the Anything Goes Club which has nine members and is learning about crafts. She also is serving on the 4-H Leader Council. Kathy truly does "Make the Best Better!"

A new club starting on Wednesday, November 5 is the Clowning Club. It meets at 6:30 p.m. and will be for the 5th graders and up. Chris Hanger and Jerry Barnett are the co-leaders. Come and have fun learning how to make others have fun.

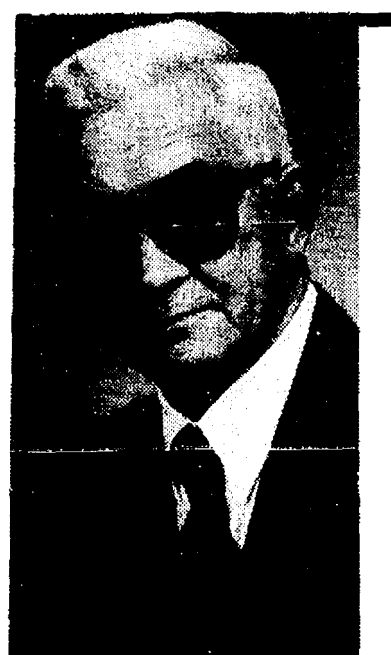

The Grayling Cross Country Ski Club sign-up is to be held Monday, November 3 from 7-9:00 p.m. in the basement of the courthouse. This is on a first-come, first-served basis so get there early. We still need adult volunteers to help.

Don't forget the Babysitting Clinic in November and December. Come learn the ins and outs of child care.

The Peer-Plus Workshop at Kettunen Center still has some openings. It will be held December 5th, 6th, and 7th. Call the 4-H office at 348-2841 ext. 264 for more information or to sign-up.

WHAT IS THE MATTER WITH THE LOTTERY?

FACT: In 1981, after 9 years, the Lottery profits were put into the State School Aid Fund.
FACT: 31% of the schools receive no State Aid except for Transportation and Special Education.
FACT: Many many others receive only partial State Aid.
FACT: The State Aid formula is weighted against smaller and/or rural school districts and some large districts.

OPINION: The Lottery profits (420 million or \$252 per student in 1986) should be divided among all school systems based on the most recent 4th Friday count. All school children should benefit equally from this NON-TAX money.

PLEDGE: I will as your State Senator within one calendar year gain this goal of equal distribution of the Lottery profits or I will Organize, Direct and Lead the Drive for a Constitutional Amendment to get the job done.

Munger - Shallow Speak Vows

Miss Nancy Ellen Munger was married June 7, 1986 to Stephen Kent Shallow. The marriage was performed at St. Andrew's Catholic Church, Rochester, Michigan, by Father Steven Kohler.

Nancy's parents, Mr. John C. and Mrs. Nancy A. Munger of Lake Margrethe, and West Bloomfield, gave their daughter in marriage. Her grandmother, Mrs. Helen Allen, of Rotunda West, Florida, attended the celebration.

Nancy's gown was designed by Illisa of candlelight ivory taffeta and lace and featured seed pearl trim on the lace outlining the neck as well as the cathedral length train. Her cascade bouquet of white sweetheart roses

and mini-carnations was in keeping with her cathedral length veil highlighted by a headpiece of flowers with a cascade of ivory ribbons.

Kent, the son of Mrs. R. Kay and the late Edward T. Shallow of Rochester, Mi., was given away by his mother and wore an ivory tuxedo with tails, an ivory bow tie and cummerbund, and a boutonniere of ivory roses.

Laura Graham served Nancy as maid of honor and her headpiece featured ivory ribbons cascading from apricot and ivory flowers. Her gown, as well as the bridesmaids, was of apricot moire with princess lines. Serving as Nancy's bridesmaids were her sisters, Mrs. Debra Evans of Lincoln, Nebraska, and Mrs. Kerry Olsen of Ann Arbor; Kent's sister, Mrs. Kathy Harding, Miss Jane Scott (who traveled from her home in Thorpe Bay, England, for the occasion), Miss Traci Maas, Miss Jill Koch, and Miss Lea Anne Leonard. Kristen Olsen, Nancy's niece, was flower girl and the basket she carried was filled with apricot and ivory roses and carnations matching the bridesmaid's bouquets.

Kristen's headpiece was identical to the maid of honor while the bridesmaids headpieces were of ivory flowers and ribbons. Kent's best man was his brother, Michael. The groomsmen were: John Eubanks, William Hayes, Richard Lamphere, Peter Stevenson, Robert Lawless, Bradley Button and Michael Huber. They wore ivory tuxedos with apricot bow ties and cummerbunds. The ring bearer was Jonathan Evans, Nancy's nephew. He was dressed to match the groom. David Evans, Steven Harding, Richard Camden and Leonard Wilcox III served as ushers and wore black tuxedos.

The late afternoon reception and evening dinner-dance was held at the Kingsley Inn in Bloomfield Hills for the 200 guests. Following a honeymoon in Traverse City, the couple returned to employment in Washington, D.C. Nancy currently is in her second year at Georgetown University Law Center. Kent is employed by Avis and Georgetown University. They reside in Annandale, Virginia.

How to Have a Safe Halloween

Much of Halloween safety begins with everyday common sense. Review the following points of safety with your children and others who will be celebrating Halloween.

Costumes — Costumes should be made of flame-retardant materials, and large enough so that warm clothing can be worn underneath. Be certain that costumes allow children to walk easily without tripping and entangling their feet. Children should wear comfortable, well-fitted shoes or sneakers. Mother's high heels are out! Use light colors, reflective tape or decals so that children are visible at night to motorists.

Masks — The mask should be properly ventilated, with holes for nose and/or mouth, and large eye-holes for good visibility. The elastic should be permanently attached to the mask, and there should be no sharp points on either the ends of the elastic or the mask. Wear the mask on top of the head when walking; pull it over the face only when reaching the house. Face design or makeup are better (safer) than masks for trick or treating.

Face design & Makeup — Use makeup containing

ingredients that are labeled "Made with U.S. Approved color Additives," "Laboratory Tested," "Meets Federal Standards for Cosmetics," or "Non-Toxic." Most manufacturers list ingredients and/or chemical analysis on packages. Follow manufacturer's instructions for application and removal. Adults should supervise the application of makeup on very young children.

Accessories — Children should carry light-colorful trick or treat bags or use reflective tape design on treat bags. Children should carry flashlights or light sticks to see better and be seen more easily. Never allow children to walk using a flame for a light. Do not allow children to carry sharp objects. Be certain that knives, swords, or other costume accessories are made from flexible materials. Wigs and beards should be properly attached so they don't get into children's eyes or otherwise obscure their vision.

Trick 'n Treat Safety Tips Before your children leave, discuss the following points with them: Only go into familiar neighborhoods. Plan to follow a route and designate a time to return. Consider drawing a simple route map, making certain that both child and parent have a copy. Stop only at houses or apartment buildings that are well lit and/or display that they are participating in trick or treating. Do not enter homes or apartments unless there is an accompanying adult. If children are young, always have an adult accompany them.

BILL SCHUETTE HOPES YOU WON'T READ THIS.

BILL SCHUETTE HOPES YOU'RE A VOTER WHO DOESN'T LIKE TO STUDY THE FACTS AND FIGURES BEHIND THE ISSUES.

He hopes you'll ignore the fact that he voted to send \$100 million in foreign aid to the Contra Rebels in Central America. (H.R. 5052, June 25, 1986)

Instead of using that money to help Michigan.

Bill Schuette hopes you will forget that he voted to CUT \$54 million in Medicare benefits for MICHIGAN senior citizens. (H.J. Res. 372, December 11, 1985)

And that the National Council of Senior Citizens says he votes AGAINST the elderly 70% of the time.

Bill Schuette hopes you never find out he voted to cut over \$50 million in financial assistance for Michigan students. (H.J. Res. 372, December 11, 1985)

And that you ignore the National Education Association report that he voted against education 100% of the time during his first year in office.

WE WANT YOU TO KNOW THE REAL BILL SCHUETTE RECORD.

We want you to know that Bill Schuette voted to CUT FUNDS for President Reagan's War on Drugs. (H.J. Res. 738, September 25, 1986)

That Bill Schuette voted TO CUT Flood Control programs that would have helped Michigan. (H.J. Res. 372, December 11, 1985)

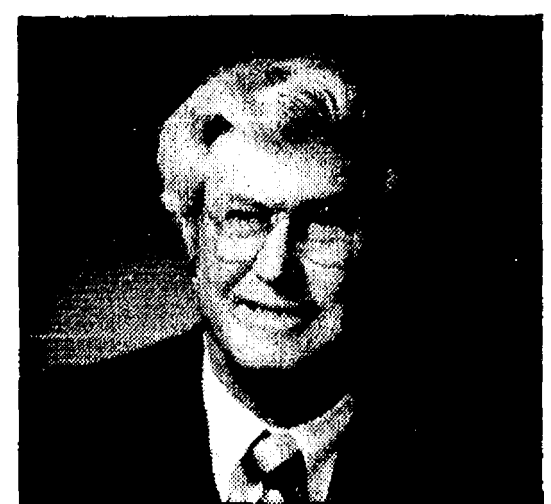

And that Bill Schuette voted for a Farm Bill that will lead to lower income for Michigan farmers, more corporate take-overs of family farms, and a flood of cheap, foreign imports. (H.R. 2100, December 18, 1985)

And that these are just a few of the reasons voters are saying Bill Schuette is OFF-DUTY when it comes to Michigan's interests.

Don Albosta hopes you're a voter who takes time to study the issues ... and the records of the candidates.

And that you'll agree with him that it's time to PUT MICHIGAN FIRST!

Don Albosta...

Put Michigan First!

Michigan has a better choice for Congress!

Volunteer on the Go!

Pictured above is Mrs. Cyndi Curtis working in the Frederic Elementary School library.

Cyndi Curtis is one of our newest volunteers this year. Her and her family are new-

comers to our area and she has already begun to become an active member of the community with her volunteer participation. She is involved as a school volunteer and has become a co-leader for a girl scout troop.

She is now working all day Wednesdays as a teacher's aide for a 5th grade class, and works on Thursdays in the school library. She does a good number of things such as checking out books, covering books and magazines, correcting and grading papers, testing with time table flash cards, etc.

Some of Cindi's hobbies include sewing, knitting, crafts, camping, swimming, and just about any outdoor sports. Since they moved to Grayling I told Cindi she will have to include skiing now as one of the family sports.

To her credits as a volunteer are 2 yrs. in Girl Scouts, 9 yrs. as a Sunday School teacher, and 6 yrs. as a volunteer for Oxford Public Schools.

When asked what she liked about being a school volunteer she said she really enjoys working with the children, and it gives her an opportunity to get out of the house and meet new people. She also added that more people should become involved because it helps your own children when you show an interest in what they are learning and doing. Showing you care gives your own children an added incentive to do good in school.

Well, Cyndi, we welcome you to our school volunteer program and want to add that we appreciate your showing that you believe in Sharing and Caring! with our school children.

Anyone who might be interested in learning more about our program are asked to call Mrs. Wolf at 348-7641.

ABWA News

The Grayling Chapter of the American Business Womens' Association held a dinner meeting on October 21, 1986, at Englund's Table. Shirley Rauch, guest speaker, is involved in public education for the American Cancer Society. A very informative presentation on breast cancer was given by Shirley and a Reach to Recovery volunteer who works with mastectomy patients. This free service of the American Cancer Society is available to any woman who has had breast cancer surgery.

Karen Casler was the evening's vocational speaker. Karen worked for Michigan Bell Telephone Company in various capacities before moving to Grayling. She presently works at the Grayling Hospital for Animals.

Officers for the coming year were elected and installed by outgoing president, Jane Larson. New officers are Diane Christman, president; Mickey Perez, vice president; Betty Bennett, recording secretary; Catherine Moss, corresponding secretary; and Margaret Chappel, treasurer. Jane presented her outgoing executive board and committee chairmen with carnation corsages.

Birthday wishes were extended to Margaret Chappel, Connie Creighton and Sally Wert. The 50/50 drawing was won by Annette Carey. The next chapter meeting will be held on November 18, 1986. October and November are membership recruiting months. Further information on the benefits of membership in ABWA can be obtained by calling Carol Ralph at 348-9415.

3 Proposals To Appear On November Ballot

In addition to making choices for statewide and local offices, Michigan voters will be asked to decide three ballot proposals when they go to the polls Tuesday, November 4.

Proposal A would allow for the establishment of the Library of Michigan within the State Legislature. If passed, this amendment would provide clear authority under the state Constitution for the establishment of the Library of Michigan within the legislative branch of state government and require that the library be administered by laws enacted by the State Legislature.

The Library of Michigan was transferred by statute from the Dept. of Education to the legislative branch of state government in 1983.

Proposal B would authorize the Legislature to enact laws which would permit the Legislature or a joint com-

mittee of this body to approve or reject administrative rules proposed by state agencies. Administrative rules implement state law.

Proposal C would transfer the authority to determine the salaries and expense allowances of the Secretary of State and Attorney General from the Legislature to the State Officers Compensation Commission. The Commission currently has the authority to determine the salaries and expense allowances of the Legislature, governor, lieutenant governor and supreme court justices. This proposal, if adopted, would go into effect on July 1, 1988.

Safe walking guide for school

Forty youngsters aged 5 to 14 were killed in pedestrian traffic accidents in 1985—a 30 percent increase over 1984. AAA Michigan recommends that parents and students become aware of the following to help reduce these fatalities: (1) Whenever possible, students walking to and from school should cross at corners protected by safety patrol officers. (2) Parents should demonstrate proper crossing procedures with students and escort kindergarten-aged youngsters to school the first few mornings. (3) Students alone should wait for a safe traffic gap—the length of a football field—before crossing. (4) Children should never cross between parked cars.

Put Michigan First

by
Don Albosta

I represented Michigan's 10th District in Congress for six years. During that whole period, one rule of thumb guided all my votes—put Michigan first.

This year, I am running for Congress again and I'd like to discuss with you three issues I think are important.

The first is agricultural policy. My opponent, Bill Schuette, voted for the 1985 Farm Bill. That bill is the worst piece of farm legislation ever passed by Congress. I know, I've been a farmer all my life.

Bill Schuette's Farm Bill will lower income for Michigan farmers; it will put them squarely on the dole; it will lead to more corporate take-overs of family farms; and it will lead to a flood of cheap foreign imports.

The second issue which concerns me in this election is security for Michigan's senior citizens.

Bill Schuette voted to cut millions of dollars in Medicare benefits for Michigan senior citizens ... and he voted to cut veterans benefits by 8.7%. (H.J. Res. 372, December 11, 1985)

I say that's wrong. When I was in Congress, I always worked to help senior citizens, not cut their benefits.

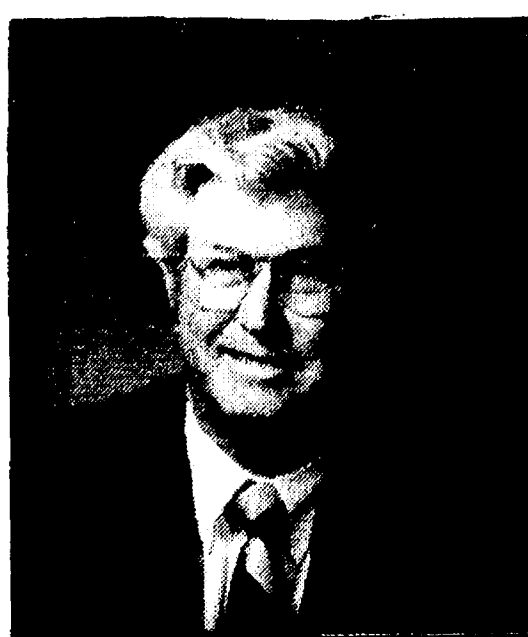

Third, there's the issue of drugs. I have proposed a double barreled approach to this problem -- first, we need to expand programs to stop the illegal flow of drugs across our borders, and second, we need more funding for drug education in our schools.

While I joined President Reagan in his War on Drugs, I was frankly shocked when Bill Schuette voted against funding for that war. (H.J. Res. 738, September 25, 1986)

As this election draws to a close, I ask you for your vote on Election Day. And I want to thank you for your kindness throughout the campaign.

Please remember to vote next Tuesday, November 4.

Michigan Teacher Shortage To Be "Less Severe, More Selective"

Warren M. Hoyt, Exec. Dir., MPA

A "major teacher shortage" facing the nation will be more selective and less severe in Michigan, a nine-member committee told the State Board of Education in presenting its proposals on how to replace 20,000 teachers by the 1990s.

The recommendations range from a gubernatorial commission to attack inequitable financing of local schools to a "Marshall Plan" for disadvantaged urban and rural schools to a career ladder for teachers.

"The combination of supply and demand suggests that the teacher shortage in Michigan will be more selective and not as dramatic or severe as the national situation. It is equally clear that these trends indicate that the most significant teacher supply and demand issue confronting Michigan is quality," the report by the Future of Teaching Committee said.

The committee said shortages which will need particular attention include the number of minority teachers to reflect the increasing proportion of minority students, continued problems in rural and urban districts which have either limited financial resources or unique financial and sociological problems, "critical" shortages in specialized areas such as math, science, special education, vocational education and computer science, substitutes, and "high quality" teachers who can motivate potential dropouts.

It said wealthy and suburban districts will continue to be relatively well off in efforts to maintain a quality teaching staff.

It recommended the governor create a Blue Ribbon commission on school finance and quality education to achieve equity in funding, curriculum opportunities for students and teacher compensation, saying the issue merits a sustained examination and thoughtful plan of action.

The committee proposed a "Marshall Plan" for urban and rural districts, which it said would have the most trouble attracting and retaining qualified teachers, involving joint cooperation of educators, business, labor and community leaders to support grants, loans, scholarships or higher salaries as extra inducements.

Other recommendations to the Legislature include: a scholarship and loan program targeted for teacher shortages; a fund to allow the State Board to implement standards of quality for teacher and administrator education; 5 percent of state aid earmarked for professional development programs; a pre-teaching corps in schools to recruit students who show potential for teaching, and a school improvement hours program where the state would reimburse universities for time faculty members devoted to assist local teachers.

It recommended the State Board of Education: establish a professional standards board; create a career ladder system as has been installed in some other states, culminating in a master teacher level; improve standards for admission to teacher programs and for the quality of the programs, and establish standards for school administrator preparation.

Recommendations to higher education include: that colleges require up to three years of supervised internship of student teachers, and a teacher mentor program with half time spent in the classroom and the rest in other studies or supervisory activities.

The report called on local districts to: establish scholarship or loan programs for students who have potential as teachers in areas where shortages exist, and develop plans for administrator development.

Bill
Schuetz
Congressman

On Duty for Us, in Congress

For Farm Families —

Bill Schuetz won back the seat on the House Agriculture Committee his predecessor lost for mid Michigan. With farmers facing unprecedented economic challenges, it's never been more vital that we have a voice for mid Michigan on duty for us when key decisions are being made.

For Working Men and Women —

Bill Schuetz has been a solid supporter of economic policies that have kept inflation in check, brought interest rates down and created jobs for people. Results like this don't happen automatically. They only happen when Congressmen are on duty in resisting big spending proposals and other policies that weaken the economy.

For Senior Citizens —

A member of the Select Committee on Aging, Bill Schuetz has been on duty for senior citizens. He has voted to provide full cost-of-living allowances for Social Security recipients, sponsored legislation to restore the Social Security Trust Fund to its original independent budgetary status, and supported a new law preventing the raiding of the Social Security fund in order to finance government borrowing.

Paid for by Bill Schuetz for Congress '86.

Before attending the free Diabetes Screening, eat a diet high in carbohydrates (i.e. bread, cereals, fruit, pasta) at least two hours before the blood test.

Commission on Aging

A proposal for renewal of a 1/4 tax millage for Commission on Aging to continue operations of programs for senior citizens in Crawford County will be on the November ballot. These monies are desperately needed to continue the existing programs and services presently being provided.

Some of these services are: Home Delivered Meals, Care Coordination, Information and Referral, Home-making, Chore and Personal Care Services, Daily Congregate Meals at COA site, Senior Companion program, Recreational Activities and Adult Enrichment Activities.

The approximately \$49,500 generated by a 1/4 mill renewal will be used as cash match for the federal and state funds received by COA. In addition, we must raise approximately \$25,000 in program donations to continue these services and programs.

Without the Millage Monies, we will have to reduce present services drastically! We need your help and support for passage of the millage renewal. If you have any questions, feel free to call the COA office, 348-8031 or 348-7123.

Grand Chapter

The Grand Chapter, Order of the Eastern Star of Michigan convened on October 14, 15 and 16 in Kalamazoo. Three thousand members were in attendance during the sessions, among them several persons from Grayling Chapter #83.

At the close of the final session, the Grand Officers for the ensuing year were installed. Grayling Chapter was honored to have Past Matron Karen Willoughby appointed to the office of Grand Electa, who was installed into her office in a very beautiful ceremony.

Attending from the local Chapter were Clive and Velda Marshall, Homer and Eva Bidwell, Gary and Karen Willoughby, Russ and Roberta Wright, Jan Harvey and Hilda Wolfenbarger. Next year's Grand Chapter will again be in Kalamazoo in October 1987.

October is a busy month for the Crawford County Girl Scouts. Cookie orders are taken and turned in, getting started on activities for Juliette Gordon Low's birthday, the founder of Girl Scouts of the U.S.A. and of course Halloween.

Troop 2014 at their meeting talked about the Halloween displays around town so they decided to make one of their own. The girls stuffed scarecrows with hay. They made ghosts and hung them on the trees. They finished their display by setting pumpkins and gourds around them. Hot chocolate and pretzels were enjoyed outside while they learned more from the new handbook. The nice weather made their day even more fun! Don't first grade Brownies have good times!

Another Brownie troop having good times is Troop 2045, a second grade troop. Jenny Ohsowski and Holly Anger report that they earned their first Try-It badge in music. They played a song on Melody Glasses, sang songs and exercised to music. They made cute yarn dolls as a craft. Each girl received a copy of the new Brownie Handbook purchased with troop money. They are all looking forward to the Pumpkin Patch event.

Nancy Kustra and Chris Ostwald, Troop 2014 celebrated Juliette Low's birthday early since they will not be meeting next week. The girls decorated 12 small cakes each with a letter from Juliette's name. Then they each made her a birthday card. Candles were put on the cakes and Happy Birthday was sung. After enjoying their cakes the girls went outside for a penny hike and singing.

The Girl Scout Annual Pumpkin Patch event is being held at Hanson Hills this year with pumpkins donated by Jim's Farm Market. More next week on this since it is happening on Monday, Oct. 27th. See you next week with the Hometown Parade.

October 31 National UNICEF Day

Mrs. Brigham's 6th grade Spanish class has joined UNICEF - the United Nations Children's Fund in an effort to immunize all the world's children. Fifteen million children die by the effects of the childhood diseases which are easily prevented through immunization.

In recognition of the presidentially proclaimed National UNICEF Day October 31, we encourage your support of UNICEF and Universal Child Immunization by 1990. We appreciate your welcoming Trick or Treaters who are collecting for UNICEF on Halloween.

Rita McEvers and Nancy Cox spent a weekend recently in Lansing as the guests of Phyllis and Jim Bond. On Saturday the girls attended the Annual Subdivision Flea Sales, that included 40 homes. On the way to have dinner with Sylvia Robertson Krausz, they passed Naked City and Paper Heaven. After dinner they finished the evening visiting at Sylvia's farm near Portland. Time ran out and they did not make it to Turkeyville.

Marian and Tom Welsh and Jim and Marie Wiltse returned the middle of October from an 8,000-mile two-month trip to the West Coast in their motor homes. Leaving Grayling the middle of August they took the northern route to Glacier National Park and on to Spokane and Portland. They visited and camped in many National Parks and State Parks including Crater Lake. They went sight-seeing in San Francisco including the famous Fisherman's Wharf. Driving down the Pacific Coast they traveled part of the way on the old Redwood Highway and visited relatives along the way including Jim's brother, Pat Wiltse and family. In Phoenix, Arizona, they visited Mary Welch, former Grayling resident and in Tucson they visited Mary Jane Holsknecht. The Wiltse's remained in Oklahoma for an extra week while Tom and Marian came on home and visited the Air Museum in Dayton enroute.

The Welshes arrived home in time to help their granddaughter, Erin Welsh, daughter of Tom and Lynn Welsh of Bridgeport, celebrate her 6th birthday on October 12. LeRoy and Marie Akers, the maternal grandparents were also in Bridgeport for the occasion. Last weekend the Welshes came to visit Tom and Marian and the Akers. On Sunday her brother and wife, James and Mary Lou DuBois of Vassar were visitors.

Herbal Corner

I am reading a book titled, "Papa Married a Mormon", by John D. Fitzgerald. I thought it was a fiction book, but fascinatingly found that it is about the Mormon settlements in Utah and their history. This book is actually based on a diary and family stories.

There is one passage where Grandpa Fitzgerald moved from Salt Lake City to form a town called Enoch with other missionaries in 1874. In Sweyn's diary are these passages: "The terrible winter is passed.... We have no doctors. Our medicine supplies of herbs, teas, catnip, peppermint, balsam, tansy, yarrow, slippery elm, spearmint, hops, horehound, sage, saffron and pine gum were woefully inadequate. We discovered that sulphur and molasses could not only be used as a tonic but would cure many skin sores. The little olive oil we possessed was quickly used for earaches. The gum of pine trees we used to make poultices for drawing infected sores. A syrup made from onions and sugar

proved to be the best remedy for colds. We treated bruises with a salve made of turpentine, mutton tallow and pine gum.

"...found the ashes of cottonwood and willow trees rich in lye. ...grease added to lye and boiled produces a soft soap that can be used for washing clothes. ...Indians showed us how to obtain a milder soap for washing the hair and the finest of materials. The root of the oose or yucca...makes a mild soap. We have no baking powder but plenty of leaven. The women obtain this from the alkali patches along the desert's edge, which they settle in water. The clear liquid is poured off and used for leaven to make bread."

And you thought, darlin', I might have been pulling your leg.

Herbally yours,
E. Diona Cerelli, C.H.

Tip-Up-Town Plans Set

Could have been the threat of snow but more likely the date that brought the full working Committee of Tip-Up-Town 1987 together. January 17th, 18th, and 24th and 25th, 1987 are the dates of the 37th Annual Tip-Up-Town U.S.A.

This year the committee will join forces with the Michigan Sesquicentennial committee, Dept. of State, Lansing.

Together they plan that Tip-Up-Town, 1987 will be the Kick-Off for what will be a yearlong celebration of Michigan's Sesquicentennial Water Festivals.

The Winter Festival of Houghton Lake will be a gigantic Birthday Party, celebrating Michigan's 150 years of Statehood.

Any questions concerning Tip-Up-Town should be directed to the Houghton Lake Chamber of Commerce. Telephone 1-800-292-9071 in State or 517-366-5644.

They Should not Feel Forgotten

When walking down the hall of a unit in a nursing home, I noticed several residents who would put out their arms toward those who passed them. I began to observe the reactions of various people as they walked by these residents. Some would walk a wide circle around the residents and invariably the residents would call, "Come back here," or "Where are you going in such a hurry?" Some would yell, incoherently at times, and call for a loved one of long ago. Then there were those people who would stop, take a few minutes to chat, put their arms around the residents or pat them on their hands and speak a few words to them, ask them how they felt and offer a few words of encouragement when they are not feeling well.

After just a few minutes of this type of attention these residents would accept the people passing by, especially if told, "I have to go now, but I will be back again to see you." You could visualize from the facial expressions what these residents were thinking. Somebody touched me. Someone took the time to stop and say hello. I am not forgotten.

When you walk by residents and see them with their hands outstretched toward you, and spend a few minutes with them. They are only saying touch me, please touch me.

State Police Fall Auction

The Michigan State Police Annual Fall Auction will be held on Thursday, November 6 at the Lansing Artillery Training Center beginning at 9 a.m. until the last lot is sold.

This year the auction is being held at a new site, the former Marshal Street Armory, at 300 Elvin Ct., located between Michigan Avenue and Saginaw Street three miles west of U.S. 127 off Marshal Street.

It is with joy we exercise this privilege of publicly exposing the past conduct of Whitey as editor. For about 14 years "The Bible Speaks" has appeared in the Avalanche. Possibly at times the column has been in conflict with the personal beliefs and practices of the editor, as well as others. We have on occasion discussed matters concerning the column behind closed doors. Even if the atmosphere may have appeared a wee bit warm, we always shook hands and departed as friends. The following week, it was business in a cordial manner.

In a society where values like love and courtesy are pushed within the church and religious community to suppress truth, those who exalt truth are branded as unloving and cruel. Within this growing conflict, you are to be commended for respecting our religious freedoms, and allowing us freedom of the press. We respect and honor you for not censoring a single word in our column in all these many years. This is a beautiful example of what living in American freedom is all about. This is a classic picture of true pluralism in practice, as established by our forefathers in the U.S. constitution. By allowing us the privilege of boldly proclaiming our faith, you have been defending the mutual freedoms we all share as American.

We pray that God may graciously give Thelma and you many happy retirement years together.

Respectfully,
Pastor Robert J. Barnett

Decreasing Term Insurance

Insurance companies are big business. One look at their financial statements will tell you that. When an insurance policy comes to mind, your first thought goes to a gigantic payoff. But do you ever stop to think how many millions of dollars were paid to this company every month? Let's face it, insurance companies aren't in business to lose money.

If you are on a limited budget, there is no sense in paying for more insurance than you really need. That's where decreasing term insurance comes into the picture. For example, if your house is not yet paid for, you won't want your family to be responsible for your debt if something should happen to you, do you? Of course not. That's what insurance is for.

But why pay premiums for the same amount of coverage you had when you owed twice as much on your house as you do now.

Decreasing term insurance will drop your coverage as your liabilities drop. And you can also buy this insurance to cover you for long periods of time. Some insurance companies will even set up a policy that will drop its coverage every month so it will stay in stride with any obligations you have.

Everyone needs some sort of insurance. You shop around for everything else you purchase, don't you? Why should an insurance policy be any different? If you take a few days to find a policy that fits your needs to a "T," it simply means more money in your pocket.

Local Red Cross Chapter Honored

The wonderful Blood Donors of Crawford County once again won state-wide recognition for Crawford County Chapter/American Red Cross by their continued outstanding performance in exceeding quotas for Blood Doning.

During the fiscal year ending July 1, 1986, the Chapter exceeded its Blood Doning Quota by 102%. This is the eleventh successive year that our wonderful Blood Donors have earned awards for the Chapter by their outstanding giving of their precious blood to preserve the health and life of some unknown person.

Betty Pamerleau, Chairman and Loretta Hassan, Coordinator, of the Blood Doning activities of Crawford County Chapter extends their appreciation to all of the Crawford County Blood Program Volunteers and the wonderful Blood Donors of our community - for your outstandingly generous response to their appeals for Blood.

It is your generous donations of your Blood that earned the recognition.

We wish there was a practical way in which we could honor each of you who contributed to the earning of this recognition but as there is not, please accept this message of heartfelt appreciation of your generous response.

R.S.V.P. Reports

What a busy week we had, fourteen for the craft group. Everyone had fun making an apple. They really looked pretty in the basket. The new ladies that joined us had their ideas to go along with the ones we've been working on. Just mention an item and someone knows what to do with it. In our group are Betty Shurkey, faithful assistant; Betty Price, Florence Johnson, Emma Knibbs, Vivian Smith, Dorothy Still, Fran Olsen, Violet Kehr, Cora Davis, Mary Cariveau, Elsie Butters, Priscilla Aldridge, guest Mickey McComb and Eva Hulbert. We have other ladies that have been busy making items at home, Olive Kellogg, Verna Gunderson, Peggy Robinson, Eva McDonough, Blanche Rushton, and Olga Miller. Some of these ladies are working on the pajamas and we need more help in this area. Loretta Barnes is busy with hats and mittens.

We have a request from Sibs for Kids for a volunteer to fill in with Mary Lowery and Nancy Lisman, and a request for a sit-in on a short notice with Eva Horner and Evelena Allen.

We have Meals on Wheels drivers that exchange their days on short notice. Our very faithful drivers at this time are Phyllis Brummer, Ernie Larson, Bill Tufts, Leon Tottingham, and Velma and Edgar Lobdell. We need a Tuesday driver for November. Starting time is 3:30 and it takes one hour or less. Sometimes the shut-ins enjoy a little visit. The Dial-A-Ride drivers who help deliver the meals are very friendly.

Quite a few of our volunteers have left for the warmer climate and some are getting ready. You will be missed.

For the month of Sept. there were 2874.50 hours and 146 active members for Crawford County. Olive Kellogg was the winner for the dinner for two.

For anyone 60 or over, come in and see us. This is only a start of what our volunteers do. Our telephone number is 348-4341.

Keeping Healthy

Pain Relief

Patients can give themselves doses of painkiller after an operation by pushing a button.

"Patient-controlled analgesia appears to be a safe and superior method for postoperative pain control," writes Bradford D. Hare, M.D., Ph.D.

A computer-controlled syringe pump is programmed for safe dosage; the patient triggers delivery by pushing a button.

"Thus, the patient can achieve an ideal balance between analgesia and analgesic side effects," Dr. Hare reports.

Not only have serious side effects with patient-controlled analgesia been rare, but it may shorten hospital stays because respiratory function and possibly postoperative ambulation (movement) are improved.

Hospital News

Those admitted to Mercy Hospital during the last week were: Melissa Voelker and Lenora Veach, both of Houghton Lake; and Tammy Mahaffy, Charles Johnston, and Timothy Klug, all of Grayling.

Those discharged were: Samuel Smith of Johannesburg; Melissa Voelker of Houghton Lake; Victor Champine of Prudenville; Timothy Klug and Tammy Mahaffy, both of Grayling.

Lenny & Tammy Mahaffy of Grayling are excited to announce the arrival of Casey Jean on 10/22/86.

Michael & Margaret Dominique are happy to announce the arrival of their son, Daniel Jay on 10/10/86.

Dennis and Marilyn Palmer of Grayling are pleased to announce the birth of their daughter, Sky-Lynn Joyce on 10/25/86.

LOOSE BALL — Dena Thayer goes after a loose ball for Grayling.

4-Point Play Leads Grayling Over Boyne

A two-point fourth quarter stopped Grayling from knocking off Cheboygan Thursday in a 40-35 loss.

The Vikings were leading 33-31 after three quarters and Viking coach Howard Lehti said his team was playing its best defense of the season.

"Cheboygan is used to scoring 50 to 60 points a game," said Lehti. "Both teams pressed and the pressing hurt both squads. There were lots of steals and fast breaks. It was a fun game to watch."

Lehti said Richele Trudeau turned in her best game of the season leading the team with 15 points and adding 6 rebounds. Michelle Moore scored 7, Shawn Denton had 5 points and led the

team with 11 rebounds, Carrie Trudgeon scored 4, and Cathy Kraus had 4.

Grayling used a half-court trap effectively against Cheboygan. Cheboygan is in second place in the conference with one loss. Gaylord is undefeated, Charlevoix is third with two losses and Grayling is fourth at 6-4.

Grayling beat Boyne City earlier in the week 43-35. Cathy Kraus helped win the game with two spectacular plays. Just before half, she hit a half-court shot as the buzzer sounded to give Grayling a 23-13 lead.

Then with Grayling holding only a two-point lead with two minutes to go, Kraus scored a four-point play. She made a basket and made both ends of a one-and-

one on a foul after the basket.

She finished with 8 points, Moore scored 9, Denton 8, Trudgeon 8, Trudeau 5, and Rebecca Jones 5. Jones led the team with 9 rebounds and 7 steals. Moore had 5 assists.

Grayling played Gaylord Tuesday and travels to West Branch Thursday.

7th Graders Drop Pair

by Karen Febey
7th Grade

On Monday, the 7th grade girls basketball team lost their home game against Gaylord 20-8.

Tara Bertalan was the leading scorer with 4 points. The other scorers were Andrea Austin and B. Morrow each with 2 points.

On Wednesday, the team lost to Kalkaska by a score of 21-18.

The scorers for that game were Michelle Birchum 7, Kris Welch 4, Andrea Austin 2, Karen Febey 2, Kristie Lamie 2, and Sara Priebe 1.

After half-time Grayling ran into foul trouble and had three people fouled out.

Coach Dallas Hudson commented that the girls played a really good game even though they lost.

Resource Review

Bruce Patrick
Conservation Officer

Previously, I have mentioned that an increase in fines and liquidated damages had been mandated by the Michigan Legislature for hunting and fishing violations. We are now beginning to see the fruit of these new laws. A few examples: in the Pigeon River Country, two fellows were ordered to pay in excess of \$3,400 in fines and costs and spend 45 days in jail for killing an elk; in Missaukee County three men paid over \$1200 for killing a raccoon out of season; Isosco County is charging \$268 for attempting to snag fish or using a snag hook while Alcona County is charging \$208 for the same offenses; a wood theft in Alcona County cost the perpetrator \$499 and \$10 a month for the 10 months he is on probation.

In the matter of a week, one officer was involved in a number of arrests in Crawford and Roscommon Counties which could result in a total of \$11,000 in fines, court costs of a like amount, liquidated damages of \$8,500 and from 45 to 1800 days in jail for the 12 persons involved. Even if the maximum penalties are not assessed, the word should be out that poaching is going to get awfully expensive in Michigan.

You might take an opportunity to write your legislators and let them know you support these actions which can only result in better hunting and fishing for the honest person.

recovered the ball for a touchdown.

Grayling had three opportunities to score in the game. Just before the half, a pass on fourth down at the Charlevoix 25 went incomplete. In the third quarter, an 80-yard drive was stopped by a fumble.

The final drive came with only 1:40 left. The Vikings started at their own 30 and moved to a first and goal on the 9 with 30 seconds left.

Two passes went incomplete and a third was tipped and intercepted.

Grayling outgained Charlevoix 172-159. Jeff Wolcott ran for 56 yards and Todd Klinger threw for 79 yards. McEvers caught 4 passes for 47 yards.

On defense, Jim Laurent led with 16 tackles. Ward Jones and Klinger each had 10. Jeff Palmer intercepted a pass and Scott VanDeVen recovered a fumble.

J.V.'s Start New Win Streak

The Grayling J.V. team started a new winning streak last Thursday by beating Cheboygan 32-26.

On Tuesday, Boyne City stopped the Grayling streak at 11-0 with a 51-48 upset.

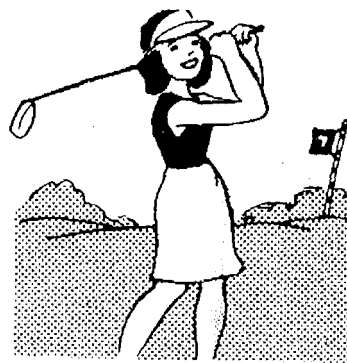

The Vikings pulled way ahead of Cheboygan 30-16 after three quarters and held on for the win although they only scored 2 points in the final eight minutes. Lori Gust and A.J. Pratt led in scoring with 8 each. Deanna Phelps had 6, Patti Tremblay 4, Nikki Trenary 4, and Melanie Ojala 2. Gust and Phelps each had 10 rebounds and Pratt had 7 steals. The win moved Grayling's mark to 12-1.

At Boyne City, foul trouble cost Grayling against a team they beat by 37 points earlier

in the season. Grayling had 4 players foul out and others played with four fouls. Grayling outshot Boyne 75 to 41 from the field in attempts. Boyne outscored Grayling at the free throw line by hitting 21 of 40 shots.

J.V. coach Dan Ullery said his team didn't play bad but it was just one of those nights when the shots wouldn't fall for Grayling.

Tremblay led the team with 15 points and 12 rebounds. Ojala scored 10, Gust 8, Trenary 6, Phelps 5, Laurie Goss 2, Linda Goodale 1, and Pratt 1.

Exercise Benefits

Exercise may reduce anxiety, create a sense of well-being, and enhance the body's immune system, says National Geographic.

TOUGH SLEDDING — The going gets tough here for a Viking runner as wide receiver Wayne Casler tried to block down on a defensive back to give the ball-carrier more room.

EASY DOES IT — A Viking defensive back tries for an interception but has the offensive player knock it out of his hands.

Cross Country Ski Club Plans Meeting

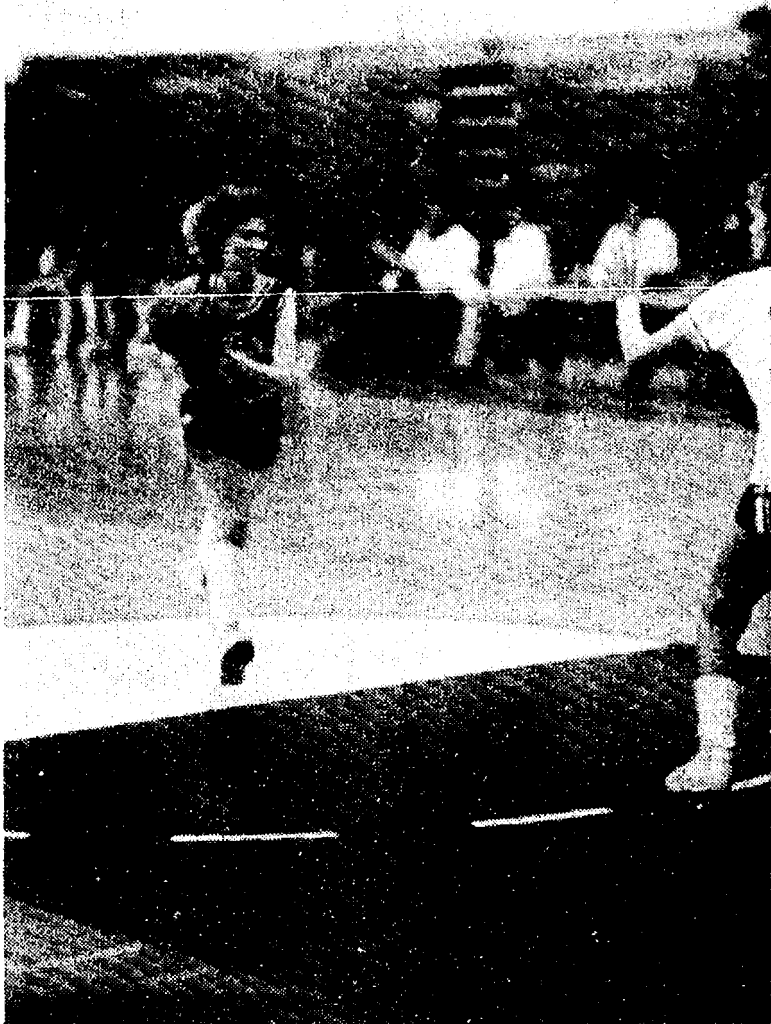

The AuSable Valley Nordic Ski Club will be starting off the 1986-87 season with a potluck dinner and meeting at the MacMullen Conference Center on Nov. 5 at 7:00 p.m. Activities for the year will be discussed and slides from past club outings and a film of last year's Beaver Creek Challenge will be shown.

The purpose of the club is to improve the quality of cross country skiing in the AuSable Valley area. Club activities range from sponsoring the Beaver Creek Challenge Ski Race to improving local ski trails and organizing group outings.

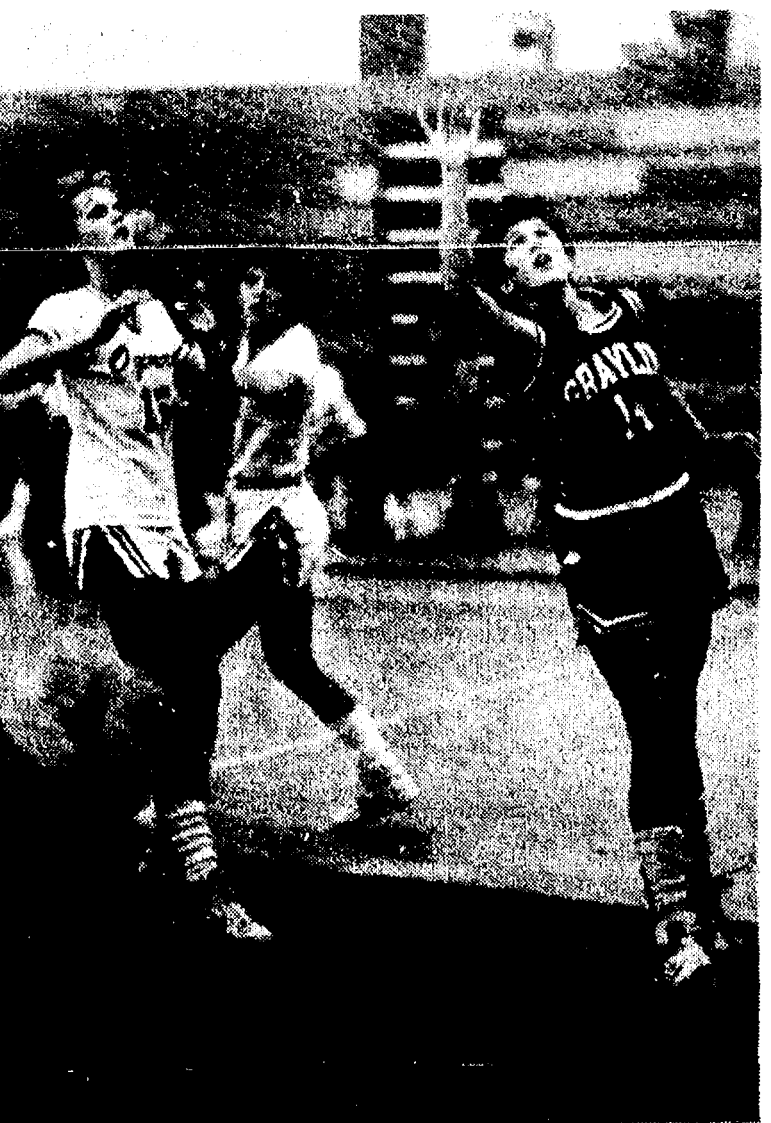

Both old and new members are encouraged to attend. Bring a friend, a dish to pass, your own table service, and come enjoy yourself.

THREE-ON-ONE — Jennifer Ojala executes a three-on-one fast break to perfection by stopping at the free throw line and passing off to a Viking team mate for a lay-up.

Revelation
1:9-20

She was accused of being "aloof," a bit too high-hat. But, there sometimes comes a time when one must walk, head-high, to keep from limping.

A wayward son, a defiant daughter, an unfaithful wife or husband, financial problems, a series of illnesses in the family, one's own health fears.

These are things we often feel we must carry alone; no one must guess what we are suffering. We are too proud to share.

We walk proudly and keep the hurts inside.

There is a story of a friend who said to another friend, "If you have a party and don't invite me, it never will bother me, but if you have a burden and don't feel I want to share it, that will hurt."

Becoming a part of a Church family will help us find people who care and who will want to share.

You have a right to walk proudly, but you don't have to walk alone. Not ever.
